durability, slip resistance, and impact absorption, to create a high-performing sports facility at MNP Place. This state-of-the-art facility hosts various sports and events, and the **REGUPOL** flooring ensures optimal performance and safety for athletes. The flooring's excellent acoustic properties also enhance the overall spectator experience. Additionally, the low-maintenance requirements of **REGUPOL** flooring minimize downtime and extend its lifespan.

REGUPOL aktiv flooring offers numerous benefits for sports and fitness environments. Its seamless appearance and variety of color options provide aesthetic appeal, while its slip, stain, and wear resistance ensure safety and durability. The interlocking tile system of **aktivlok** allows for easy installation,

flexibility, and potential cost savings. Both flooring types are designed to withstand heavy traffic and equipment, absorb sound and impact, and provide comfort and stability for athletes. Furthermore, **REGUPOL aktiv** flooring supports optimal athletic performance by providing superior traction and shock absorption. This reduces the risk of injuries and fatigue, allowing athletes to push themselves to their limits. With its exceptional durability, **REGUPOL** flooring is also an environmentally friendly choice, reducing the need for frequent replacements. The choice of **REGUPOL** flooring at the Kelowna High Performance facility reflects a dedication to providing top-tier athletic infrastructure, supporting the pursuit of excellence for athletes and teams.
