Lancaster Mennonite High School Athletic Director Mike Yoder updated the school's running track in 2009, when he first installed **REGUPOL SB** in Dash Black. After great experiences on their first **REGUPOL** track, Yoder spearheaded the upgrade to **REGUPOL champion AG** in Relay Red.

"One of the primary reasons for choosing **REGUPOL** for both installations is their well respected reputation for high caliber tracks," Yoder said. "Not only were we proud to support a local company, but we are confident in the investment knowing **REGUPOL** tracks have outstanding quality and a long lifespan." A total of 53,000 square feet of **REGUPOL champion AG** was installed at LMHS in August 2012, and continues to receive positive reviews from students and staff.

"The students are pleased with the improved feel of the new track, and we are thrilled to provide a safer surface due to the cushion and uniformity of **REGUPOL** tracks."
