

REGUPOL SPORTS  
ST JOHN'S UNIVERSITY

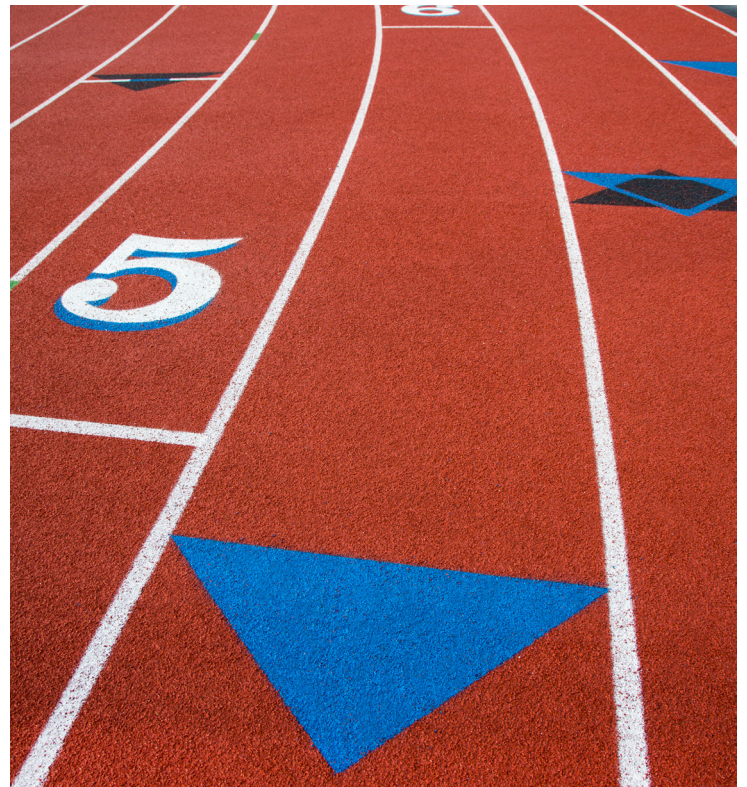

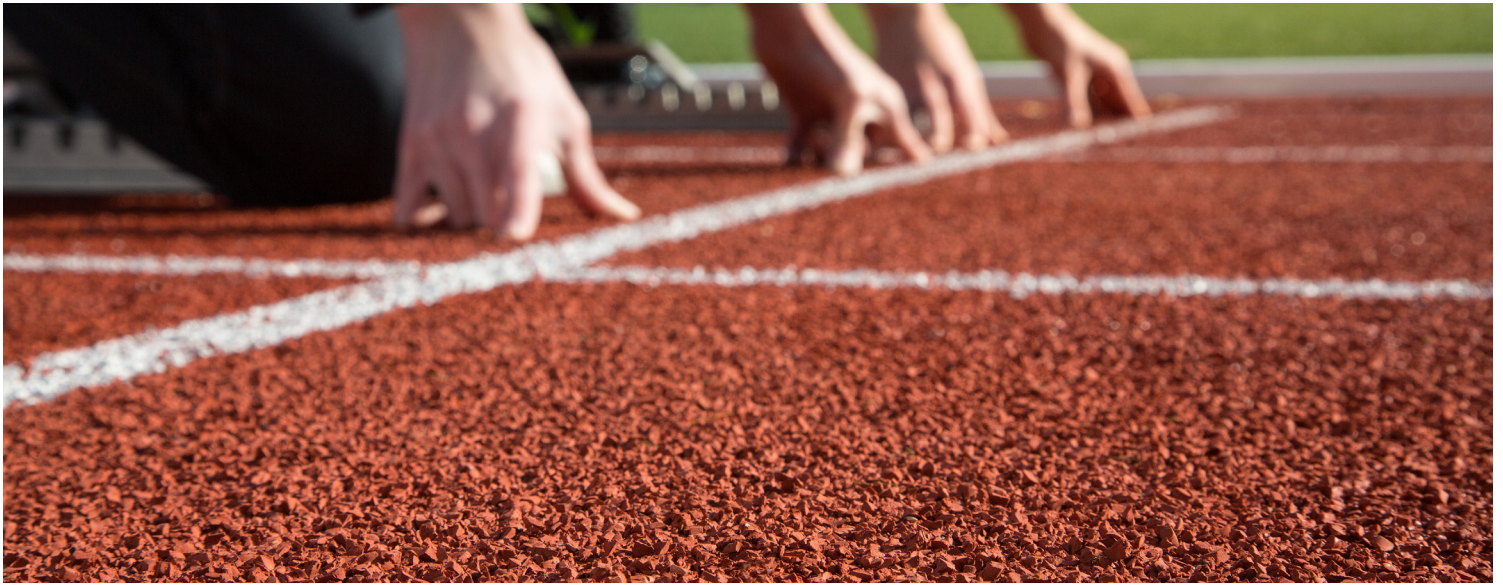

- Location:** Jamaica, NY
- Application:** Premium track surfacing
- Product(s):** **REGUPOL champion AG**
- Area:** 70,000 sq/ft
- Installation:** Abacus Sports

"New York City's Team," the St. John's University's Red Storm, installed a **REGUPOL champion AG** track surface after 20 years of training on a less than perfect, unresponsive outdoor track surface. The nationally lauded BIG EAST program sought out a new track that would withstand weather in the metro New York area and would be constructed using the finest techniques and materials. The new track would be expected to perform for a minimum of 20 years.

**REGUPOL** impressed St. John's by their experience installing track surfaces globally, in a number of world class venues, and in varied climates, the coaching and facilities teams chose to move ahead specifying a **REGUPOL champion AG** track. In addition to the world-class Red Storm student-athletes, the outdoor track surface is one of several areas where those in the University community can enjoy the vitality of exercise and fitness. Longevity and the ability to withstand extreme use were critical requirements. Completed in the fall of 2013, the International Association of Athletics Federations (IAAF) certified track was a drastic improvement to the track's previous state.

"The **REGUPOL champion AG** track provides what our athletes need – a softer surface, offering a nice bounce to their run, as well as a surface that we expect will last a very long time. This track is a demonstrable statement of our commitment to our student-athletes."

Coach John Hurt  
Head of track and field at St. John's University
