“When redesigning the Dallas Stars weight room, I wanted the best products for our players’ workouts. After doing my research and talking with other Strength & Conditioning professionals, we decided on **REGUPOL aktivpro** flooring.

We needed a solution for our limited space, and the inlaid platforms allowed us to utilize the entire gym floor. The durability of the product has stood up to the daily grind of the team workouts and is virtually carefree. We couldn’t be happier with the quality, function, and look of the **REGUPOL aktivpro** performance training floor.”

the shock of heavy impacts, protecting both athletes and the subfloor from potential damage. The modular design of the tiles allows for easy installation, repair, and replacement. Moreover, the slip-resistant surface ensures professional athlete safety during intense workouts. By creating a training environment that prioritizes safety, functionality, and performance, the Dallas Stars demonstrate their dedication to providing their athletes with the resources necessary to excel in their sport.
