

# REGUPOL SPORTS ELCO HIGH SCHOOL

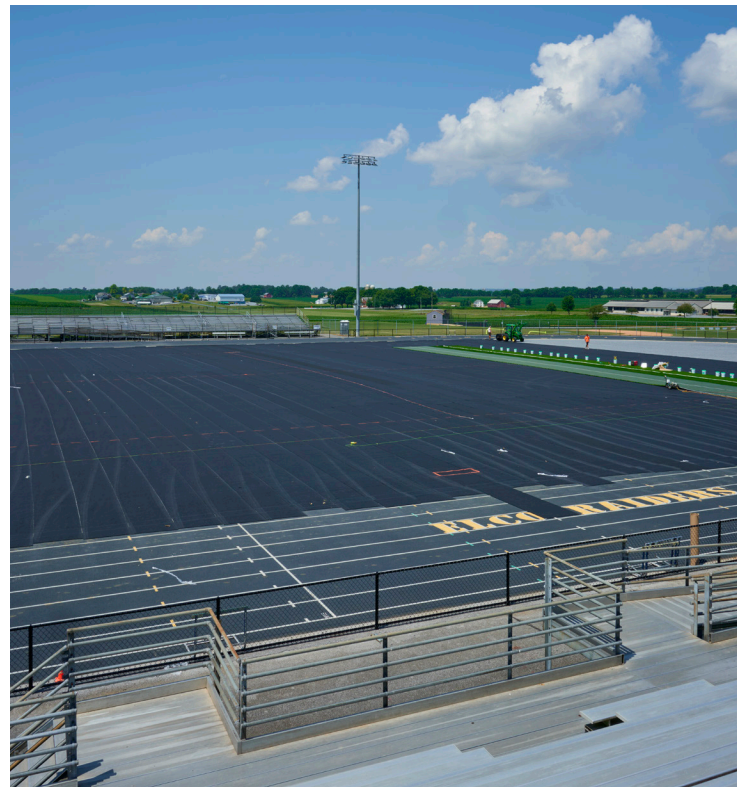

**Location:** Myerstown, PA

**Application:** Turf Shock Pad Underlayment

**Product(s):** **REGUPOL abzorrb**

The Elco High School in Myerstown, PA, underwent a major renovation of its football stadium and practice fields, completed in 2022. A key feature of this upgrade was the integration of **REGUPOL abzorrb**, a pre-fabricated shock pad designed to enhance the safety and performance of synthetic turf sports fields.

### Enhanced Safety and Performance

This innovative underlayment provides enhanced safety through superior shock absorption for impacts during high-intensity sports like football, ensuring a safer and more comfortable playing surface for athletes while reducing the risk of injuries. The product's customizable force reduction and cushioning properties ensure optimal performance for various sports and activities. **REGUPOL abzorB** is compatible with multiple synthetic turf systems and boasts durable, long-lasting construction that minimizes maintenance costs.

### A Sustainable Solution for Sports Fields

**REGUPOL abzorB** offers an eco-friendly approach to sports field construction by utilizing recycled tire rubber. Customizable to meet specific shock absorption and force reduction requirements, it delivers tailored performance for a variety of applications. Its durable design not only extends the lifespan of synthetic turf systems but also minimizes maintenance and replacement costs, making it a sustainable and cost-effective choice for athletic facilities.
