REGUPOL flooring is designed to handle the rigors of intense, high-impact training sessions. From Olympic-style lifts to conditioning drills, this flooring provides superior shock absorption, traction, and support, allowing athletes to train safely while minimizing the risk of injuries and equipment damage.

REGUPOL aktivpro roll not only enhances performance but also protects the structural integrity of the facility by absorbing and distributing the impact of heavy weights and rigorous activity. Its low-maintenance design and customizable options allowed Michigan State to integrate its iconic Spartan branding seamlessly into the facility, creating a visually striking and functional training space.

In addition to **aktivpro roll**, the facility is outfitted with **REGUPOL crash** in key areas, providing an extra layer of protection for high-impact zones where athletes perform heavy lifts or drop weights.

This investment demonstrates Michigan State's dedication to fostering athletic excellence. By providing its athletes with a safe, high-performance environment, the university continues to lead the way as one of the nation's premier athletic programs. With **REGUPOL aktivpro roll** flooring, Spartan athletes have the support they need to push their limits and achieve greatness.
